

Bike Chain Oil

special PTFE formula
highly effective
white: enables easy visual control

Thanks to its special PTFE formula, the efficient Bike Chain Oil ensures your bike chain and other moving parts on our bike to run extremely smoothly. Ideal for lubrication as well as protection against dirt on the bike chain, sprocket, cassette, rear derailleur, and co. The white oil enables easy visual control of the lubricated areas.

Even under heavy use and in wet conditions, the water-repellent chain spray will not let you and your bike down!

The Bike Chain Oil is suitable for all types of bicycles: e-bike, mountain bike, gravel bike, racing bike, trekking bike, city bike, Dutch bike, folding bike, and many more.

Technical Data

Colour	white - yellowish
Density at +20°C (+68°F) (DIN 51757)	0,93 g/cm ³
Features	with PTFE
Kinematic viscosity basic oil (+40°C DIN 51562)	ca. 124 mm ² /s
Temperature resistance	-40 hasta +80 °C

Surface pre-treatment

Pretreat drive section and movable components with WEICON Bike Drive Cleaner.

Processing

Apply the Bike Chain Oil evenly to the inside of the clean, dry bike chain, using the Dosing Tip, then turn the crank backwards two to three times to allow the oil to penetrate all spaces between the chain links.

Remove excess oil with a dry cloth.

Storage

Store in tightly closed original container. Protect from direct sunlight. The storage temperature must not exceed +50°C. Keep container in a cool, well-ventilated location. Store in dry place.

Safety and health

When using WEICON products, the physical, safety-related, toxicological and ecological data and regulations in our EC safety data sheets (www.weicon.com) must be observed.

Available sizes:

70700030 Bike Chain Oil 30 ml

Accessories:

15842001 Pump Dispenser,
 99950251 sprocket brush,
 99950252 sponge,
 99951100 microfiber cloth circular,

Note

The specifications and recommendations given in this technical data sheet must not be seen as guaranteed product characteristics. They are based on our laboratory tests and on practical experience. Since individual application conditions are beyond our knowledge, control and responsibility, this information is provided without any obligation. We do guarantee the continuously high quality of our products. However, own adequate laboratory and practical tests to find out if the product in question meets the requested properties are recommended. A claim cannot be derived from them. The user bears the only responsibility for non-appropriate or other than specified applications.
