Contact - Cyanoacrylate Adhesives

WEICON Contact are instant adhesives, free of solvents. They connect various materials with and among each other, e.g. metal, glass, wood, plastic, ceramic, leather and rubber.

VA 250 Black

- Cyanoacrylate Adhesive for special requirements
- bonding of various rubber materials
- high temperature resistant (+140°C) and with residual elasticity

30 g ✓
12600030

VA 8312*

- bonding of various rubber materials such as solid rubber or cellular rubber, plastics and EPDM elastomers
- very fast-curing

30 g ✓
12200030

***ISEGA**

Certificate of Conformity as an adhesive
in food technology.

WEICONLOCK® - Anaerobic Adhesives and Sealants Plast-o-Seal®

Especially made for economical threadlocking, retaining and sealing of threaded, cylindrical and pipe assemblies.

After the curing, it provides a shock- and vibration-resistant joint with excellent resistance to chemicals and solvents from -60°C to +150°C.

AN 305-73

- gasketing of flanges, gearboxes and other motor housings
- universal use

highly viscous • low strength
easy disassembly

50 ml ✓
30573150

AN 302-60

- threadlocking
- for passive surfaces
- application possible without activator

medium viscosity • high strength
hard to disassemble

50 ml ✓
30260150

AN 306-38

- retaining cylindrical assemblies for bearings, gear wheels and bolts
- fast-curing

medium viscosity • high strength
hard to disassemble

50 ml ✓
30638150

AN 302-43 TZW

- threadlocking
- KTW-drinking water and DVGW approval

higher viscosity • medium strength
disassembly with normal tools

50 ml ✓
30243150

AN 302-70

- locking of threads and stud bolts
- DVGW approval

medium viscosity • high strength
hard to disassemble

50 ml ✓
30270150

Plast-o-Seal®

- permanently plastic universal sealant
- evaporation is not necessary
- immediate assembly possible

90 g ✓ 120 g ✓ 300 g ✓

WEICON Products for Automotive and Transport Industry

Elastic Adhesives and Sealants

Elastic adhesives and sealants are nowadays used in many areas of industrial production and assembly. They combine the advantages of adhesive bonding and sealing technology and are used wherever the elasticity and the sealing of a joint are the most important requirements.

Flex 310 M® Classic*

- free of isocyanate and solvents
- versatile
- free of silicone

Certificate of Conformity as an adhesive in food technology.

310 ml ✓
13303310

White: RAL 9003*1

310 ml ✓
13305310

Grey: RAL 7000*1

310 ml ✓
13304310

Black: RAL 9004*1

*1 Corresponds approximately to the specified RAL colours

Flex 310 M® Crystal*

- crystal-clear curing
- good resistance to UV rays and excellent aging stability
- free of silicone

310 ml ✓
13308310

Black-Seal Special Silicone

- extremely resistant against oil and grease
- high temperature resistant (+280°C)
- for bonding and sealing

85 ml ✓

Repair Sticks and Epoxy Adhesives

WEICON Epoxy Adhesives are cold-curing, solvent-free two-component systems with extremely strong adhesion. They allow material bonds with high traction and impact resistance and are therefore perfect for assembly, repair and production.

Fast-Metal Minute Adhesive

- steel-filled
- extremely high adhesive strength
- residual elasticity and shockproof

24 ml ✓
10551024

Repair Stick Titanium

- wear resistant
- titanium-filled
- high temperature resistant (280°C)

115 g ✓
10535115

Repair Stick Plastic

- residual elasticity
- NSF approval
- can be used in drinking water areas

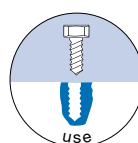

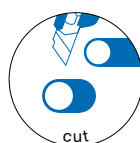

115 g ✓
10536115

Repair Stick Aluminium

- non-rusting
- fast cure
- aluminium-filled

115 g ✓
10534115

Easy-Mix RK-7000 / Easy-Mix RK-7200

WEICON Easy-Mix RK-7000 and RK-7200 can be used to bond many materials such as plastics, metals, wood or ceramics to themselves and among each other with high tensile, shear and peel strength.

Easy-Mix RK-7000 and RK-7200 can be used universally and, for example, in car body and vehicle construction, in machine construction, metal construction, electrical engineering or in plastics technology.

Bonding of a nameplate

Easy-Mix RK-7000

- highly viscous
- residual elasticity
- impact resistant

24 ml ✓
10565024

50 ml ✓
10565050

Double syringe

Easy-Mix RK-7200

- crystal clear
- tough elasticity
- impact strength

50 ml ✓
10564050

Quadro Mixing Nozzle

For all Easy-Mix types listed here

10650005

Easy-Mix Hand Dispenser D50

Robust, fracture-resistant construction of fibreglass reinforced plastic (polyamide) with a metal trigger

10653050

Easy-Mix PU-90 / Easy-Mix PU-240

High-strength, fast-hardening 2-component structural adhesives based on polyurethane with excellent adhesion on a broad range of materials. The high-viscosity formulation enables application even on vertical surfaces. The 2-component system also provides for fast and controlled curing. That makes the bonding process virtually independent of layer thickness, humidity and ambient temperature.

Bonding of a fixing element

Easy-Mix PU-90

- high strength and highly viscous
- extremely fast-curing
- pot life approx. 90 seconds

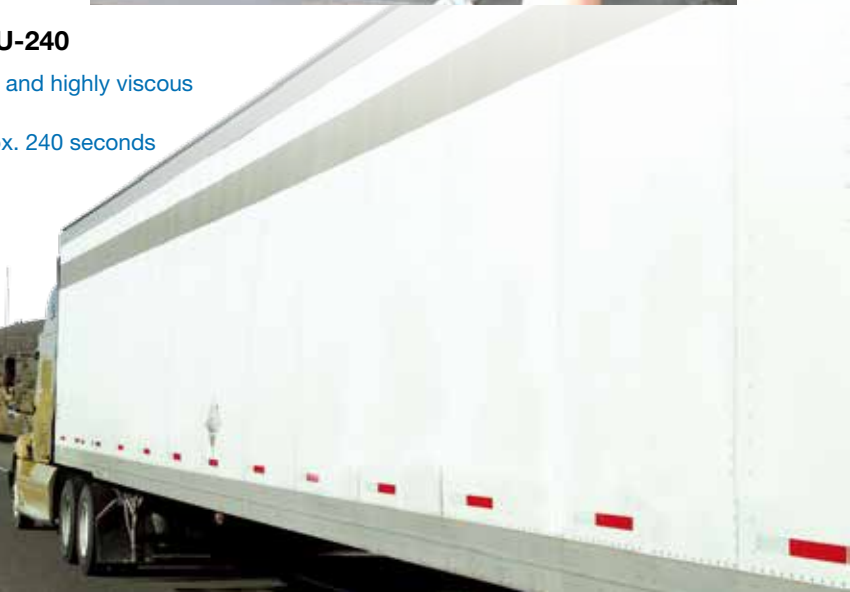

50 ml ✓
10751050

Easy-Mix PU-240

- high strength and highly viscous
- fast-curing
- pot life approx. 240 seconds

50 ml ✓
10753050

WEICON Products for Automotive and Transport Industry

Technical Sprays and Technical Liquids

Technical sprays and liquid substances are used in almost all areas of industry.

They are used for the care and protection of surfaces, for cleaning and degreasing, lubricating, releasing and separating and are an indispensable part of daily work.

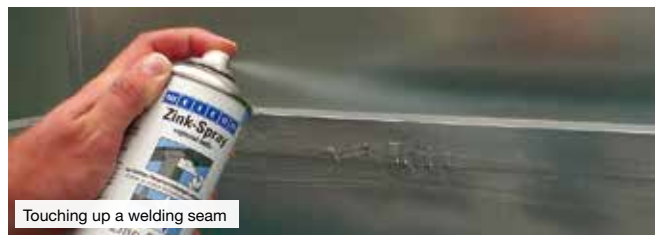

Zinc Spray

- durable cathodic corrosion protection on all metal surfaces
- resistant protective layer even under extreme weather and environmental conditions

400 ml ✓
11000400

Loosening of a screw connection

Touching up a welding seam

Zinc Spray "bright grade"

- coating of welded joints and drilled holes
- long-term corrosion protection
- with a bright colour shade matched to hot galvanization

400 ml ✓
11001400

Rust Shock

- the chemical wrench
- free of mineral oil, grease and silicone
- loosens threaded joints within a very short time

400 ml ✓
11151400

Cockpit Spray

- care product for all plastic and rubber parts in motor vehicle interiors
- prevents door, window and boot seals from freezing

400 ml ✓
11400400

Aluminium Spray A-100

- abrasion-proof
- protects against rust and corrosion
- high-grade corrosion protection for all metal surfaces

400 ml ✓
11050400

Rust Loosener and Contact Spray

- the six-fold function makes it indispensable for repairs, maintenance and servicing
- work is possible even overhead
- protects against corrosion and oxidation

400 ml ✓
11150400

Sealant and Adhesive Remover

- removes residues of hardened sealants and adhesives as well as lacquers and paints
- can be used on metal, wood, glass, ceramics, polyethylene and polypropylene

400 ml ✓
11202400

Corro-Protection

- corrosion protection of metal parts for indoor storages
- lastingly preserves tools and precision components made of metal
- transparent protective film approved by the German TÜV

400 ml ✓
11550400

Multi Foam

- powerful universal cleaner for residue-free cleaning
- cleans the most diverse types of surfaces such as metal, plastic, glass, ceramic or lacquered and coated surfaces

400 ml ✓
11200400

You can find further packing sizes and detailed information on WEICON products at www.weicon.de

Technical Sprays and Technical Liquids

Technical sprays and liquid substances are used in almost all areas of industry.

They are used for the care and protection of surfaces, for cleaning and degreasing, lubricating, releasing and separating and are an indispensable part of daily work.

AT-44 Multi-Spray

- with PTFE – without silicone
- loosens seized screw connections, bolts, fittings and valves
- dispels moisture from electrical cables

150 ml ✓ 400 ml ✓
11250150 11250400

Contact Spray

- protection and care of electrical contacts and components
- keeps contacts, fuses and cable connections free of oxidation

400 ml ✓
11152400

Universal Spray-on Grease with MoS₂

- high pressure resistant and strong long-term lubricant
- reduces friction and wear
- temperature resistant from -20 to +120°C

400 ml ✓
11530400

Hand Protective Foam

- waterproof and provides lasting protection
- protects against hazardous substances and irritants from aggressive chemical substances
- greaseless, invisible and waterproof

200 ml ✓
11850200

Starter Spray

- for both diesel and petrol engines
- for the easy and safe starting of combustion engines
- protects both the engine and the battery

400 ml ✓
11660400

Citrus Cleaner

- universal cleaner based on citrus peel extracts
- cleans machines and systems, precision engineering components and precision mechanisms

400 ml ✓
11217400

Adhesive Spray – extra strong –

- for strong and reliable adhesions
- for rough and uneven surfaces
- the special valve allows the adhesive quantities to be adjusted with infinite variability

500 ml ✓
11801500

Spraying of the air intake duct

Workshop Cleaner

- cleans and degreases metals, plastics, rubber, glass, ceramics and wood
- biodegradable according to the EU guidelines

500 ml ✓ 5 L ✓ 10 L ✓ 30 L ✓
15205500 15205005 15205010 15205030

Spray-on Grease white

- multipurpose spray grease for highly stressed parts
- outstanding adhering strength and excellent aging and pressure resistance
- temperature stability from -20 to +150°C

400 ml ✓
11520400

Surface Cleaner

- for pre-treatment of bonding surfaces
- for cleaning and degreasing of surfaces
- evaporates without residues and colourless

400 ml ✓
11207400

WEICON Products for Automotive and Transport Industry

Anti-Seize - Assembly Pastes

All kinds of influencing factors, e.g. moisture, temperature or friction, repeatedly lead to corrosion damage, seizure and wear on machines and installations.

Extensive repair and maintenance work at considerable costs are the consequence.

Especially under extreme conditions of application, e.g.

- high operation temperatures
 - high pressure loads
 - outdoor weather conditions
- such consequences frequently occur.

WEICON TOOLS®

No. 1 in Form & Function

Wire Strippers for all common stranded and solid conductors.

A scanning system adjusts automatically to the respective wire diameter and thus permits fast and simple dismantling and stripping.

Wire Stripper No. 5

- for finely stranded and solid conductors with PVC insulation
- for all common conductors from 0,2 – 6 mm² (24 – 10 AWG)

51000005

Stripping of a cable in the engine compartment

Wire Stripper No. 7 Magic

- for finely stranded and solid conductors with PVC insulation
- for all common round cables from 0,5 – 16 mm² (20 – 6 AWG flexible) (20 – 8 AWG massive)

51000007

The Multi-Stripper No. 400 is a universal wire-stripping tool for the following functions: circular cutting, longitudinal cutting, wire stripping, cable stripping and cutting for all common flexible and solid conductors.

Multi-Stripper No. 400

- for finely stranded and solid conductors with PVC insulation
- 0,5 – 6 mm² (20 – 10 AWG)

51000400
