Contact – Cyanoacrylate Adhesives

WEICON Contact is a solvent-free instant adhesive. It bonds within seconds different materials to and among each other, e.g. metal, glass, wood, plastics, ceramics, leather and rubber.

VA 100

- universal use
- quick initial adhesion on plastics and rubber
- also suitable for metal, ceramics, glass and leather

30 g ✓
12050030

Bonding of rubber and stainless steel

WEICONLOCK® - Anaerobic Adhesives and Sealants Plast-o-Seal® - Permanently Plastic Universal Sealant

Especially made for economical threadlocking, retaining and sealing of threaded, cylindrical and pipe assemblies.

After curing, it provides a shock- and vibration-resistant joint with good resistance to chemicals, solvents and temperatures from -60°C to +150°C.

Securing a screw on a transverse control arm

AN 302-43

TZW

- Threadlocking
- KTW approval for drinking water and DVGW approval

higher viscosity • medium strength
disassembly with normal tools

50 ml ✓
30243150

AN 302-70

- Locking of threads and stud bolts
- DVGW approval

medium viscosity • high strength
hard to disassemble

50 ml ✓
30270150

AN 306-38

- Adhesive for bearings and bolts
- for bearings, bushings, gear wheels and bolts when gaps are up to 0,2 mm

medium viscosity • high strength
hard to disassemble

50 ml ✓
30638150

AN 306-60

- Adhesive for bearings and bolts
- for worn out bearing rings and bushings when gaps are up to 0,5 mm

high viscosity • high strength
hard to disassemble

50 ml ✓
30660150

AN 305-42

- Hydraulic and pneumatic sealing
- DVGW approval

medium viscosity • medium strength
disassembly with normal tools

50 ml ✓
30542150

Plast-o-Seal®

- Permanently plastic universal sealant, not curing
- evaporation of solvents is unnecessary
- allows immediate assembly

90 g ✓
30000090

* DIN-DVGW Certificate
Test mark for anaerobic sealants WEICONLOCK in gas supply systems

WEICON Products for Agricultural Technology

Epoxy Adhesives

WEICON Epoxy Adhesives are cold-curing, solvent-free two-component systems with extremely strong bonding properties. They enable material bonds with high tensile and impact strength and are thus ideal for assembly, repairs and production.

Fast-Metal Minute Adhesive

- gap-filling up to 4mm
- fast-curing
- dark grey

24 ml ✓
10551024
 double syringe

Epoxy Minute Adhesive

- transparent
- fast-curing
- high adhesive strength

Repair of a metal block with Fast-Metal Minute Adhesive

Easy-Mix RK-7000

WEICON Easy-Mix RK-7000 can be used to bond numerous materials such as plastics, metals, wood and ceramics to themselves and among each other with high tensile, shear and peel strength.

Easy-Mix RK-7000 can be used universally and, for example, in plastics technology, metal construction, car body and vehicle construction, machine construction, electrical engineering, wood processing and in trade show and exhibition construction.

- high viscosity, high strength, impact resistance, residual elasticity
- pot life: approx. 15 minutes
- temperature resistance from -55°C up to +125°C

24 ml ✓ **10565024** Double syringe
 50 ml ✓ **10565050**
 Hand dispenser D50 **10653050**
 Quadro-Mixing Nozzle **10650005**

Bonding of steel mounting plates

Elastic Adhesives and Sealants

Elastic adhesives and sealants are used today in many areas of industrial production and assembly. They combine the advantages of adhesive bonding and sealing technology and are used wherever the elasticity and the sealing of a joint are the most important requirements.

Sealing of a heat-pump

Flex 310 M® Super-Tack

- very high initial bonding power also on vertical surfaces
- free of silicone, isocyanate, halogens, solvents and softening agents

290 ml ✓

10250020

Quick repair of a leaky water pipe with Plastic Metal SF

GMK 2410

Bonding of rubber mats in trailer manufacturing

GMK 2410 is an adhesive based on polychloroprene (CR) for the high-strength, full-surface and flexible bonding of

- rubber to rubber
- rubber to metal

WEICON GK 2410 also bonds cellular rubber (e.g. neoprene), PE foam, leather, felt, insulating material, textiles, wood, and many plastics.

- high strength
- for large surfaces
- resistant to humidity

O-Ring Bonding Set

O-Ring bonding

The WEICON O-Ring Bonding Set allows to fabricate sealing rings from all commercially available materials within a short time.

- complete set
- also for materials which are difficult to bond, e.g. silicones

Set ✓
12508030

WEICON O-Ring Bonding Set consists of:

- 12603012 **Contact VA 30 Black** 12 g
- 11207150 **Surface Cleaner** 150 ml
- 12450010 **Contact Primer** 10 ml
- 13250000 **WEICON Safety Knife**

Technical Sprays and Technical Liquids

Technical Sprays and Technical Liquids are used in almost all industrial areas.

They serve for care and protection of surfaces, for cleaning and degreasing, lubrication, dissolving and separating and they are essential parts of our daily work.

Cleaning of large surfaces with Workshop Cleaner

Cleaner Spray S

- powerful
- evaporates without leaving residues
- leaves no oily residues

500 ml ✓ 5 L ✓
11202500 15200005

Workshop-Cleaner

- biodegradable
- temporary corrosion protection
- free of solvents, can be diluted with water

5 L ✓
15205005

Sealant and Adhesive Remover

- removes residues of hardened sealants and adhesives
- removal of old paints and lacquers

400 ml ✓ 5 L ✓
11202400 15213005

W44 T® Multi-Oil

- lubricates mechanical precision devices
- dispels moisture
- protects against corrosion

400 ml ✓ 5 L ✓
11251400 15251005

Chain and Rope Lube Spray

- pressure resistant, strongly adherent
- for highly stressed chain and wire ropes

400 ml ✓
11500400

Silicone-Fluid

- NSF-H1 approval*
- good sliding and separation effect
- high-temperature resistant from -30°C to +250°C

400 ml ✓
11351400

Rust Loosener and Contact Spray

- excellent creeping capacity
- loosens rusted screws
- dispels water

400 ml ✓ 5 L ✓
11150400 15150005

Bio-Cut Cutting Oil

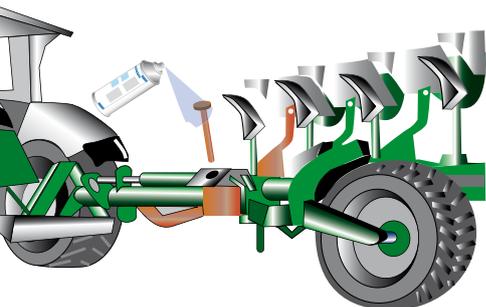

- drilling and thread cutting oil
- biodegradable
- allows higher cutting performance

400 ml ✓ 5 L ✓
11750400 15750005

Spray-on Grease H1

- white high temperature grease
- odourless and tasteless
- NSF-H1 approval*

400 ml ✓
11541400

* Clearance certificate for the application in the food industry according to the USDA H1

WEICON Products for Agricultural Technology

Technical Sprays and Technical Liquids

Coating a metal carrier of an automatic feeding system

Starting help for a chain saw

Zinc-Spray

- cathodic corrosion protection
- overpaintable
- 550 hours in the salt spray test

400 ml ✓
11000400

Welding Protection Spray

- protects work pieces and welding nozzles
- for optimum welding results
- silicone-free

400 ml ✓
11700400

* WEICON Welding Protection Spray has successfully been tested as a non-stick primer against weld spatter

Rust Protection 2000 PLUS

- high corrosion and weathering resistance
- resistant against stable vapours, digester and bio gas
- 2000 hours salt spray test

400 ml ✓
11012400
charcoal-grey

400 ml ✓
11013400
silver grey

Belt Dressing Spray

- prevents belt slip
- for all kinds of drive belts
- can also be used during ongoing operation

400 ml ✓
11511400

Starter-Spray

- for diesel and petrol engines
- also at low temperatures until -20°C
- suitable for engines with or without catalyst

400 ml ✓
11660400

Leak Detection Spray

- anticorrosive
- non-flammable
- DVGW approval

* DIN-DVGW test mark certificate for WEICON Leak Detection Spray as foaming leak detector for gas supply systems

400 ml ✓ 11651400 5 L ✓ 15400005

Anti-Seize - Assembly Pastes/Sprays

Effective protection against corrosion, wear and seizure, oxidation and fretting corrosion and electrolytic reactions ("cold welding").

Corrosion protection on screw connections

Anti-Seize

- extremely pressure resistant
- high level of protection against corrosion
- temperature resistant from -180°C to +1.200°C
